## Join Us for the November 15th Meeting and Presentation at Unity Church

Mapping the Path to a Conscious World

"When Dr. William C. Levengood, biophysicist, began researching plant and soil samples from crop circles in 1989, he had no idea that he was embarking upon a journey that would carry him into a world of mystery and scientific investigations that included cattle mutilations, UFO materials, contactees, and people with unusual abilities of consciousness. Along the way, he met Penny Kelly and the two of them began a 15-year relationship that became a collaboration of science and consciousness. Levengood's discovery of a new form of energy in plants, animals, people, soil, and water was remarkable in itself, but even more astounding was the fact that this energy responded directly to consciousness and could be reliably tracked in the laboratory. Their work eventually led to a whole host of discoveries involving humans, plants, animals, Mother Earth, subtle energies, the ability to track the effects of consciousness both individually and globally, and an entirely new array of possibilities for our world."

## Would you like a Private Session with Penny Kelly?

*"In a consultation, I look briefly at someone's birth numbers, then their past lives to see what is bleeding through, and I go to whatever questions they may have. I tell people to bring a few important questions to the appointment. Each appointment is 1 hour. I record the consultation and then send the entire recording to the client via email at the end of the day."*

## November Elections

We will have elections at the November meeting, so please consider what office you would consider running for, and whom you would like to nominate. Board member positions up will be President, Vice President, Treasurer, and Member at Large. Richard and Brian have agreed to continue their duties, as needed, through the Spring Conference of the Southern Dowzers March 19-22, 2015. This is a critical time for the organization, and we need your involvement. It is an honor to serve, and it can be fun!

If you like to help with set up, or registration, book/tools table, and or Kitchen please come at 9:30am.

Thank-you!
